Discography: Béla Fleck, "Drive", 1988

Notes: Transcribed from memory. I initially learnt it off Bela Fleck's album "Drive", but I've played it a lot since then and may have messed around with it a little. I recorded it with the Wild Turkey Brothers on our album "Like This Only Better" back in 1992, and you can listen to the track or download the album for free at benpaley.com/resources/audio/wild-turkey-bro and, of course, you should definitely listen to Bela Fleck playing it on his Bandcamp page: belafleck.bandcamp.com/album/drive
